Craft Club Newsletter

WE'RE GROWING!

Thanks to funding from the National Lottery Community Fund, your craft club is growing. We have several new members who live at the Riverside Maltings in Oundle. And our thanks to Oundle and Rushden libraries who have been encouraging their 'Library to You' customers to join. We're also grateful to Oundle Baptist Church for telling people in Oundle and its surrounding villages about the craft club as well. A big welcome to all our new members!

PLEASE TELL US

The organisations which have given us money to fund your craft club always want to know how things are going. It's not just idle curiosity. They have to make sure their money is being well spent and the craft club is being well run. So it's really important that you tell us what you think.

Do please fill in your Feedback form for us. Tell us about the things you've enjoyed – and the things you haven't (if there are any). And let us know how you feel about the club and your Activity Bags. Without your feedback we won't know how we're doing or whether we need to change anything.

To send us your feedback, follow the instructions on the bottom of your form.

STRANGE BUT TRUE

Colouring is known to be relaxing but we couldn't have guessed some of the other benefits you've told us about.

One person says she spent hours colouring when she was a girl, so starting again has brought back lots of happy childhood memories. And someone else finds that listening to football matches on the radio when they're colouring seems to spark their creativity!

If you'd like to do some colouring just let us know.

Colouring by Vicki and Jane

UNDAUNTED

Last month one of the bird feeder kits we supplied had one wrong piece. But that didn't stop our craft club member finishing the project. He found a small saw and just re-sized the bit, and now the bird feeder is good to go!
